Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The primary reason for the indication of the allowability of claims 37-42 is the inclusion therein of the limitation of an image processing program and respective method thereof, including the step of determining the conversion relationship relating to the generation of color material data based on measured values of the patches which are output based on the determined combination. These limitations are neither suggested nor taught by the prior art of record, alone or in combination as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
